Subject: Re: skin sample at MGH

Date: Wed, 03 Jul 2013 15:40:45 +0000

Hi [REDACTED], et al,

I wanted to check in on Jeffrey to make sure all is well post skin biopsy. As I've said, he can expect a small scar and should watch for any signs of infection/bleeding.

Second, I also wanted to make sure he fully completes pgp enrollment online. It's very important for us to proceed. He's completed the exam (exceptionally well I might add; he clearly has a knack for this info) but he still needs to log in, review the consent form, and assent to it electronically. (We did go over everything verbally in person though.)

Give him my regards and feel free to contact me with any questions.

Best,
Joe Thakuria

(I hope Jeffrey will be able to get all taken care of before seeing you! Perhaps he even finished it last night and I just don't know about it.)

[REDACTED], thanks. Jeffrey needs to be fully enrolled before blood draw and skin biopsy per our protocol. Worst case scenario, I can try and walk him through it at mgh on a computer before the phlebotomy/bx.

But, ideally, this is done before he gets here at 1. I have a hard stop at 2pm so I'm worried we're gonna be pushing it on time if this isn't completed beforehand.

Thx,
Joe

Thank you very much for the information and phone numbers. I'm sure all will go well. We did register Jeffrey on line. I am not sure how far along he is through the entrance exam portion. [REDACTED] and [REDACTED] can speak to him about it this morning

Sorry, there was an extra "7" typo in my last email for my cellphone #.
Correct number is [REDACTED].

Best,
Joe

Hi [REDACTED].

Sorry for not getting to this email earlier. Today was jam packed.

Assuming we're still on for this, plan to show at 1PM tomorrow at 6C (on the 6th floor) of the Yawkey building - which is the main outpatient bldg sitting just in front of the main hospital (MGH 55 Fruit St.). When Jeffrey/[REDACTED]/[REDACTED] get there, just ask our medical genetics secretary (sitting on the left as you walk in, Sandy Massalski) to let me know your here.

My cell is [REDACTED]. I can also be paged through the main hospital number : [REDACTED].

Apologies again for not getting this info out to you sooner.

You may have mentioned this in a separate email but was the online enrollment process completed for Jeffrey?

Hi Joe...just checking in to see if you had any more details for tomorrow?

Also, I would like to pass along Jeffrey's assistants names and cell phone numbers who will be accompanying him tomorrow. They will be your point persons:

[REDACTED]: [REDACTED]
[REDACTED]: [REDACTED]

[REDACTED] and [REDACTED] are also cc'd here.

Thanks, [REDACTED]

Thanks, George.

Hi [REDACTED], I don't have the specific exam room yet but this will be done somewhere on the main mgh campus, 55 Fruit St., Boston, MA at 1PM. I'll have specific details for you tomorrow at the latest. (There's always an exam room crunch when we try to squeeze people in - but we will find something. :)

[REDACTED], I think the best contact number to have in this case will be my cellphone, [REDACTED]. Reception at the hospital is not always the best so if some reason you don't get me right away, you'll definitely get me my pager. That back up number is the main mgh hospital hospital # [REDACTED]. Just ask the operator to page Dr. Thakuria (pager [REDACTED])

Best,
Joe Thakuria

12:45 or 1 PM should be fine. The physician who will take the samples at MGH is Joe Thakuria, MD (CC'd). Probably it will take one hour (including consent form signing). He can give you additional info as needed.
