Hi Kimberly,

Thank you for letting me know about the sunscreen. Yes, we now use Elta MD brand. Mr. Epstein likes UV Sport broad-spectrum SPF 50 (so far this is the only one that does not drip into his eyes), and I use UV Daily Tinted Broad-spectrum SPF 40 for face. I recently brought some and put in his bathroom. And I just ordered some more, so we will bring it with us next trip.

Also, we are currently testing new laundry detergents, I have ordered a set for you as well from amazon, they should arrive within 3-7 business days. Please let me know when you receive them and we can go over each one on the phone, since the information on the packages is in german.

I have attached below a list of household supplies (cleaning, bathroom and personal products) that we are currently using in New York just to give you an idea. It is not 100% set yet, we still make changes and additions quite often, but hopefully soon we will get there. I realize, that for the island some products will be different, so it would be great if we could work together and make a separate list.

And I added your request about the nuts to my list.

Thank you for your help,

Karyna
