UBER

Karyna,

Today, the New York City Taxi and Limousine Commission (TLC) is meeting to discuss rules that would leave Uber NYC riders behind the rest of the world. We need your help today to keep NYC moving forward!

The proposed rules would:

- Put Uber at risk of being shut down citywide if just one Uber driver-partner has an expired vehicle inspection sticker
- Make NYC the only city in the world to require mobile applications to be approved by a transportation agency

The TLC's leaders are solely accountable to Mayor Bill de Blasio—they can put these rules in place without the say of New Yorkers or even our elected City Councilmembers.

We need you to make your voice heard. **Tell Mayor de Blasio to stop the TLC from implementing these rules.**
