we should do a quick call this am to review what was already bought and who will buy particular items

think we should divide as follows:

home depot / loses - renato
amazon - rich
electronic stores - larry

daphne we will need your guidance on preparing items for tropical and reserving containers as well as
buying more containers

anna will need input on brand preferences: toilet paper, paper towel, etc..

how is 10:30am for call?
