>Ever wondered what it would be like if Dear Abby were a man?

>

>Dear Mr. Abby:

>Q: My husband wants a threesome with my best friend and me.

>

>A: Obviously your husband cannot get enough of you! Knowing that there is

>only one of you, he can only settle for the next best thing - your best

>friend. Far from being an issue, this can bring you closer together. Why

>not get some of your old college roommates involved too? If you are still

>apprehensive, maybe you should let him be with your friends without you.

>If you're still not sure, then just perform oral sex on him and cook him a

>nice meal while you think about it.

>

>Dear Mr. Abby:

>Q: My husband continually asks me to perform oral sex on him.

>

>A: Do it. Sperm can help you loose weight and gives a great glow to your

>skin. Interestingly, men know this. His offer to allow you to perform

>oral sex on him is totally selfless. This shows he loves you. The best

>thing to do is to thank him by performing it twice a day. Then cook him a

>nice meal.

>

>Dear Mr. Abby:

>Q: My husband has too many nights out with the boys.

>

>A: This is perfectly natural behavior and it should be encouraged.

>The man is a hunter and he needs to prove his prowess with other men. A

>night out

>chasing young single girls is a great stress relief and can foster a more

>relationship better than the man being away for a day or two (it's a great

>time to clean the house too)! Just look at how emotional and happy he is

>when he returns to his stable home. The best thing to do when he gets

>home is for you and your best friend to perform oral on him. Then cook him

>a

>nice meal.

>

>Dear Mr. Abby:

>Q: My husband doesn't know where my clitoris is.

>

>A: Your clitoris is of no concern to your husband. If you must mess with it,

>do it in your own time or ask your best friend to help. You may wish to

>videotape yourself while doing this, and present it to your husband as

>birthday gift. To ease your selfish guilt, perform oral on him and cook him

>a delicious meal.

>

>Dear Mr. Abby:

>Q: My husband is uninterested in foreplay.

>

>A: You are a bad person for bringing it up and should seek sensitivity

>training. Foreplay to a man is very stressful and time consuming. Sex

>should be available to your husband on demand and with no pesky requests

>for foreplay. What this means is that you do not love your man as much as

>you should -- he should never have to work to get you in the mood. Stop

>being so selfish! Perhaps you can make it up to him by performing oral on

>him and cook him a nice meal.

>

>Dear Mr. Abby:

>Q: My husband always has an orgasm then rolls over and goes to sleep

>without pleasuring me.

>

>A: I'm not sure I understand the problem. Perhaps you've forgotten to

>cook him a nice meal.
