Its a blatantly disingenuous letter suggesting that you settled civil cases to silence witnesses even though almost all the complainants were on a list of witnesses who the Govt promised would not be the subject of any prosecution in an NPA signed and finalized prior (not after) the civil settlements. It also fails to recognize that the letters cannot be used against you in any civil proceeding (FRE 410) and the settlements should not be used against you to prove anything relevant to your current litigation (FRE 408). Investigation by your counsel - and, of course, there was no investigation of prosecutors in order to disqualify them - is subject to atty-client and work product.
