██████████: To be honest, all I want to feel is some affection and thoughtful attention from you....I would rather you had 5 moscow boyfriends, but when we were together you went out of your way to make me feel so special

██████████- miami: You d rather I had other bf?

██████████: You get very cold and tough with me...I need to see the sweet "nice girl" side a bit more

██████████: No...that is not what I said...

██████████: Did not say that at all

██████████: Just need a bit more warmth, care and nice girl affection

██████████: Was my point

██████████- miami: You are right..

██████████- miami: But I don't feel any affection from you either:(that's sad and makes me sometimes anxious and distant

██████████- miami: I will do anything for the man if I feel he loves me and needs me... And when I don't feel it I can turn cold

██████████: It is reflexive sweetheart

██████████: U turn very cold...like steel

██████████: But I don't need you...but do you make my life better when we good....yes

██████████: I don't need anyone or anything

██████████: I am a quirky and not a traditional guy...I have never pretended to be

██████████: I live in my own bubble....

██████████: So back to the point from two days ago..make sure you like and can live with the person I am

██████████- miami: ...

██████████- miami: You are slowly breaking my heart

██████████- miami: And when you said that you d fine if I had another boyfriends as long as I m nice when we are together - that's how guys talk to hookers - make me happy and I don't care what you do...

██████████- miami: ██████████ you hurt me a lot. I don't know what to say anymore. I love you crazily but I don't want to be hurt
