Rich/Darren

Hope you guys had a good day and accomplished everything you needed to get done. I really enjoyed seeing the island and being involved in everything on Monday. Wanted to see if there was any feedback from Jeffrey and what the next step would be at this point. I know there is a lot going on but feel that I can make an immediate impact if given the opportunity.

Rich, turns out I am traveling to San Juan on Thursday. I land at 12noon and can do a call with you at 1pm or 2pm if that will work for you. My meeting starts at 3pm so should leave enough time.

Hope to speak with you guys soon.

Thank you again,

Marc
