Greetings Sir,

September 15 PM photos for your review and comments:

Park trail sitting area - in progress

Waterfall cistern - block work in progress

Pebble Beach cleanup - slab demolition in progress - Danny says the new slab will require 13 plus yards of concrete - he may need to hire help for the finishing - there is no need to hire the pump truck - the concrete trucks should be able to get down to the beach and with the help of a large "funnel" attachment shoot the concrete where it needs to go

Mandevillea vines on Scar - in progress, need to complete at the Gym as well

Grotto - Blind slots repaired, grass trimmed, weed kill applied, will complete cleanup in the morning

Shoreline - removed 3 truckloads of seaweed today, will continue removal tomorrow

Temporary Ice Maker - Reefco concluded that the ice maker cannot be repaired - they are installing another temporarily until the replacement arrives in 2 weeks

St. John Terrace pillows and cushions - for your review

No Photo:

Big N - SBDD lifted the barge today, but did not launch it due to concerns about the heavy winds - they will launch tomorrow, fuel tomorrow and begin sea trials on Thursday 9/17

Respectfully submitted, Daphne
