Deliver the trees to LSJ

The only missing item is which barge we will use, once we figure this out we will be able to tell how many trees we can take with each trip

Jeffrey,

The cost to purchase and deliver the trees is as follows: (missing item is the docking fee of the barge in San Juan) which I will explain why

100 trees will cost \$ 26,550

200 trees will cost \$ 48,100

I spoke with the port authority in PR and was informed that we can have our own crew and equipment do the unloading of the trees in PR right onto the barge (so there is not outside cost for that)

We have been told the General can not be used for PR runs because its under contract to do the daily local service in St. Thomas and that we can use the commander but we will have to pay for that because its not owned by Boysen and its not part of our credit deal.

We can discuss this further on how you want to move forward during your next NY visit if you would like.

Thank you

Emad Hanna
