its always nice, to see one side of a conversation, without the otherside, i find it amusing that when you don't do something you have promised , pointing it out is negative. asking you to live up to your agreement is negative, you have yet to take responsibility for your behavior. That fact is not negative, it is merely a fact. your defensiveness, is understandable, it is not that i didn't get what i want it is that you make an agreement ,expect me to live up to my end, do not live up to yours , and then attack me for calling you on it.

What's the last time you sent me this many emails in a day that were *NOT* all about criticizing me because you didn't get what you wanted;

It is overwhelming how negative you are:

"re dinner, I know you are trying.. It didn't work.. the food , presentation, serving. were all pretty awful. although There was plenty of advance notice.

-- After spending so much time explaining why pasta can't be left out and still be edible . thats what was done. the table should have been set with pinto plates and accessorries, there could have been flowers in the house and at the table , when bringing drinks , it is ery impolite to merely dump a tray of glasses in front of a guest,, each person should be handed what they asked for. there is no need to ask , do you want to eat now. when guests are ready to eat , i will ask. or you should ask 'when would you like to eat" , you can't ask people where they are going . in miami, (it is none of your or my business). , miami is enough.. The steak a serving for one person , was plopped in the middle of the table. what were the guests supposed to do.? the pasta was cold and mushy, no reason to take it out of the container in which it came, until right before serving.. (no one cares who cooked it, and in this case you certainly don't want to take credit,), the food should be kept in a warm oven. or reheated in a pan. a big bowl of grated cheese in a cereal bowl is both smelly and awful to look at. no one came to clear the mess, until after i asked, no one came to check if anyone needed any more water, or would like something else to drink,, when I didask you to the table, you announced that you would call Janush to help remove the dishes.. why, ==wouldn't it have been easier to have [REDACTED] or [REDACTED] there to help,(you let [REDACTED] go to sleep). its not about -does it look like you cooked the food , or does it look like you are engaged, it is about basic skills that it would be helpful if you would try to develop.. this was a business dinner.. as such it was a total failure. my banter (as you put it - my wxageration) was a failed attempt to disguise its glaring

shortcomings. I did my best to write this message in a language you might find constructive as opposed to critical.

once again left a surprise in my office,, -- 2. our deal was you were to exercise,, i have been complimentary , and supportive, 3. it would have been nice had you taken some time to shower and dress before dinner last night.

explain to that she doesn't say thank you- makes little effort -- i d prefer she leaves. czech- n.y. , i don't care = your call. she was supposed to be a helper.

Think of me as your very irritated nipple. My reactions are severe in response to just one more tweak.

i am not focusing on something you did wrong,, i am frustrated that the things you agreed to do, don't happen== last night was a disaster , i have been supportive any time i can,, though i say no cheese four times and you produce cheese, or you refuse to exercise, but still expect me to live up to my side, . you had plenty of time,, you can tell the difference between gucci prada or chanel but not between a cheese knife and a steak knife. everything you were involved with last night (except our movie) was childish, vulgar, cheap, and crappy. this is after you making a big issue about being given responsibility..

,, your focus is goofy

i just realized you said janush , i don't know what time he had to get up today.. why don't you drive her. or send her to new york ghislaine says there is an apt.

you were no help with whatso ever ,, i need less things to deal with not more.. follow up with the landscape lights.. do not put flowers in the house, now ,, follow up with doug on the kitchen door.s the plumber on stove and sink, ask doug about the step to the dock. get the pillows in the green fabric, decide if you want to be involved in wed dinner for Gauger , or give he responsibility to your call. if your blood test comes back neg,, i suggest you go to new york to see dr, baker and ting. ,, please find low cholesterol recipes.. , i will have salmon for dinner thanks,, Tom's comment were after having dinner at my house last night, I must love you very much.

ask larry to calculate for you all the costs involved in todays flight.. fuel eng insurance if any, signoture fees. find out how much a " FREE " keylime pie actually costs

another funny , tom spoke to jarecki , told him that dinner was good , but only if you compared it to jail.

I suggest letting [REDACTED] handle gauger dinner. less chance for you and i to have a problem.. i no longer want you to experiment with important evenings. you first need to learn the basics , and try them out on the lawyers, who will come for dinner. IF you poison them , i dont mind,

see if v can do 4 at the house

this is silly,, he was to land at 5,, you know that.. no one comes into a house and inmmediatlye sits and eats,, you should know that, pasta can be refreshed,, you don't know that, this is not about sarah , get over it. You screwed up, . - i guess it was [REDACTED] fault that there were no flowers in the house. i guess it was your mothers fault that you didn't shower or dress. I guess it was my fault , that a chuck of meat was put into the center of a table. I guess it was [REDACTED] fault , that the table needed clearing, , I guesss it was [REDACTED] fault, that the food tasted like dogshit. specially since only the week before i told you not to buy gnocci,, it turns bad in minutes,, but it must be igors fault/

Beyond your control.. i understand , you were dressed in a disgusting t shirt and jeans, the dinner was disgusting , inelegant, badly presented laughble. and totally your doing. its that simple,

im confused about your dress or the quality of the dinner,,"
