an arrival sequence that does not appear commercial, and a land reorganization for the top of the hill would be a priority. I have insight, I want to make the arrival pleasant but not visually outstanding as i DO NOT want to attract attention or unwanted guests

OK, sounds great. I'm very excited with the opportunity of turning your vision into reality. I'm familiar with the dry nature of the area. Please send me Sarah's contact information. I'll be in touch.

the vision is romantic.. however the climate is not the peaceful tropical, that it first appears.. the wind is constant and the sun is brutal,, because its an island the irrigation is by reverse osmosis,, so quite expensive.. i need land sculpting. views places to relax, NO entertaining,, no more than ten people at any one time.. no parties, events public access.. PRIVATE PRIVATE PRIVATE.. not a lot of local talent so matinee needs to be simple. rocks. hardscape, roads. natural elements.. NO sculpture garden. Dropoff point. or clubhouse. atvs are the mode of transport, but i would like hiking trails, cart paths and truck roads.. like we did in new albany , a exercise type of hikes, steep , even dirt bicycles for exercise. I really am excited about your trip. Give all your details to Sarah and we are obviously picking up all costs.

I was able to book a flight to St. Thomas on 5/26/09 arriving at 1:45 pm on Delta, departing 5/28/09 at 4:00 pm. Also, [REDACTED] called and is sending the base information. I should receive it by tomorrow. After review, I will call you. Be thinking about a "vision". Let me know if this schedule works for you.
