Mr Epstein,

Thank you for the opportunity that you gave me to attend the Wharton Sports Business Academy program. I have a passion for sports and sports business. Being a part of this program exposed me to many areas of business and I also had the chance to learn from many well-known experienced mentors in the field. I loved being able to see different sports organizations and how they operate in the business world. It was fun to visit several business organization in which I own some of their stock! I gained a new prospective and insight into what they do behind the scenes. For next summer, I would like to further my interest in these areas and try find an internship with a professional sports team or intern for a financial company in New York.

I thank you so much for your support. None of this would have been possible without your generosity and kindness. This program taught me so many things and hopefully will open doors down the road. I hope to be able to thank you in person when I'm in NYC next.

Thank You,

Jack Lecher
