Mr. Susman:

My name is John Surico and I am a research assistant to Wayne Barrett for Newsweek. I called before regarding Mr. Jeffrey Epstein. Wayne is writing a piece on him and we would like to ask a few questions related to the allegations made against the Zwirn hedge fund that were mentioned in the Palm Beach Post article last Sunday. Please call me back at [REDACTED] if you can or, if you would like, I can send the questions by e-mail. Whatever you prefer. Any information would be greatly appreciated by all of us. Thanks and have a great day.
