again you tell me what you have learned in journalism, school.. Why? to tell me, that you teacher said, -- why you continue to do what you do. IT IS WRONG in life - with me right for journalism..

2011/5/22 [REDACTED] >

Do you really think that I'm trying to you to prove something or show to you? But I'm just saying what I think and feel. This is not a game for me. It would indeed be silly if the girl of my age trying to compete with a man three times her age, smarter and more experienced. I would not dare to take this step even only because I have respect for you. I'm just explaining the reason for their actions, and only because I often I do not get your answers to my questions. You say you just "do", my questions irritate you. I understand you're used to that all obey you unconditionally. But in all my schools, I have learned (especially in the journalism school) my teacher said that to ask questions - do not be ashamed, it's not bad. The bad - when you don't even try to know. I do not ask stupid questions in the style of "why go to the doctor" - I know I need it to my body. And I'll do it anyway, just all this time my attention was drawn to search for housing, teaching and sports. I actually made a mistake that instead of just go and do appointment, a few days trying to get through to the clinic. I admit it. I just thought of it. This also happens, the basic things do not come into my head, until his head is full of other urgent matters.

I do not know whose it is bluffing, but about my clothes - it's impossible. I almost do not see any neighbors, I even almost do not see the door-man, because I always (since you left) - use a spare input, because of it close to transport. In the end, how any short dresses can be dressed in such weather, when entire days of rain and it was little cool? Or maybe someone can scan through clothing as an X-ray jeans and a coat? It's not even logical - in this weather. Moreover for all time, I've lived here, I first wore a dress on the day of your departure prior to casting. My second dress - long, warm and completely closed. Unable to 3 people are calling about ME. Maybe you have even one other girl in the building who dress provocatively? I am at least shore health in such weather.

i have told you how to do this,, but you REFUSE to listen, Imagine i am trying to teach you to drive a car.. I say turn left.. you say why,, i say stop immediately you say why, i say turn quickly you say why, you will then never learn to drive, have many accidents. you should turn stop turn ,, and then after doing it many times if you still have questions then you ask,, not before

Maybe I do not know much in this life, but I'm just learning and trying to understand.

I'll sleep a bit, yesterday I was very tired and went to bed early, and woke up 3 nights to write to you. If I do not pick up - - call again and again, wake me up.

I know what you fear, Jeffrey. I long ago realized, I'm not a fool. But you can not worry. You're lucky in this respect with me. I too love her and care about her, and despite the fact that I like you, I would never do to hurt her. Even if you and I must part, I will keep her heart from disappointment in you. And so you know, I have very good effect on her as a teacher in relation to you and to life. Calm down, I write emails always with a translator google, this is why so much time it takes me. <http://translate.google.com/#en|ru|%0A>

If you dont trust me - call her right now and make sure she is not with me all the time while at school or asleep (I do not know.)

Stop playing at least with me, please. I am always sincere with you.

Привет дорогой!!!

Доброе утро! (Good Morning!)

I was so tired yesterday that did not understand why I can not pass on the subway, forgetting to use metrocard. And almost fell asleep in the train. Therefore I tell you all now.

Sorry I could not talk - it's amazing how accurate you manage to make calls at a time when I was on the appointments. Very funny =) But I was glad to hear from you, though, and could not speak.

Yesterday I had five appointments. I saw the apartment and 4 rooms down town. Same story. Good location, but often appalling conditions. But I liked the one room. It's located on Union Square. 14 street and 3 avenue. This 2 bedroom, from a fashion photographer. цена 11,030. The room is quite spacious. In the room there is nothing but a bed and closet in the wall. But the large living room with sofa bed. It will be available from 1 June. The photographer is very interesting, quiet and adequate.

Now I think between this room and a one bedroom apartment of which I have already told you.

As for the apartment, which is located on 38 street and Lexington, the owner - a good friend of the broker, so that it does not require from me my credit history, garantour and bank statement. And I will have lease, if I rent this apartment. He will move into his new apartment on the upper east side and all the furniture he leaves in the old apartment. Said that I can do with it what I want, I can even throw it away or give it to someone. He said as well that I can find roommates and myself if I want to set prices. The apartment is quite spacious with high ceilings, not very comfortable (but we are creating comfort in your home yourself, right?). This apartment is 2000. One bedroom, but it was done as 2 different rooms. This apartment will be available only from mid-June or after 2 weeks.

So I think, to be the hostess and myself make rules and conditions or to rent a room?

Kiss-kiss! And have a nice day!
