sub total			\$ 4082

I can see most of this in my head up thru rough finish at this #.

I believe there will be additional costs in this catagory ie: similar to kite house site improvments

roads(gravel)
stone borders
bolders

wether the \$6,000 left in my budget is right is subject to further determination of scope.

the costs that we post to site work are

building/deck
excavation
grade for slab/footings
base material in slab
compaction of base
generator bunker
excavation into hillside
grade for slab and retaining walls
base and backfill material
waterproofing /drainage

the \$10,000 estimate covers all the above and at the end of the day I think there will be some finish work even though you said just gravel
