Jeffrey,

PHX Customs flight OK.. April 4th ?

Customs is not enforcing Overflight, as long as operator has obtained Overflight in the past, (as we have), we are allowed to fly into any AOE (Airport of Entry). with prior approval.

Phoenix Customs hours of operation **Monday - Friday 8:30am - 4:30pm only**, no overtime according to officer on duty.

Phoenix will approve overflight after they review passengers listed on EAPIS for this flight on April 4th and we must land between the hours of 8:30am and 4:30pm Monday - Friday.

OUTFLOW Valve:

Gulfstream Tech ops has to locate in their archives the original drawings for our GIV serial number, 1085, this has been our delay in getting an answer and or approval, whether Gulfstream will use other installation drawings or fabricate New ones for procedure to install new louvers..

I have contacted Rusty Crammer our DU885 Sales Rep, to assist with pushing Gulfstream to give an answer regarding installing other style outflow valve louvers,

Below is my due list for Gulfstream IV that will take me thru November 2014.. calendar items and inspections are sometimes hidden in these reports.. many items are complied with during routine Mx visits to Teterboro and Islip to keep the GIV operating as smooth as possible. In the future I will give a minimum of 12 month warning of impending inspections that will come due, so we can address Mx scheduling properly,
