Brice,

If you run the AppleTV software update, this channel should show up and hopefully allow you to login with the iPad credentials Rich provided previously.

LMK if it works or not.

Premium Channel 'Showtime Anytime' Comes to Apple TV

In addition to the return of the [iTunes Festival channel](#) for Apple TV today ahead of September's concert series in London, Apple has also added a new [Showtime Anytime](#) channel to its set-top box.

 showtime_anytime_atv_1

The Apple TV channel is a companion to the Showtime premium cable network and offers limited free content to all users. Most content, which includes live and on-demand shows and events, is limited to customers who subscribe to the network through a participating cable provider.
