Here is the information as promised.

1. The first attachment is some preliminary pictures that Mercedes-Benz gave to us.
2. The Second item is an official Mercedes-Benz order guide for the S550 new model. (keep in mind that the options are subject to change and that the pictures may vary from the final vehicle (the vehicle in the pics is the European model which on the big car is no different from the US spec but they make us disclose that to everyone for to be compliant))
3. The link ([REDACTED]) <<<< this link) is a compiled list of pictures that every magazine, company, press agency, car show and anyone else has comprised that are listed all in one place. There are about 90 high res photos there.

Please let me know if you or your bosses have any questions at all and when you might want to order the car. The sooner the better so you don't have to wait an eternity. This is the hottest car in our product line this year.

I look forward to having you and your boss as new clients and I hope to be your contact for all of your vehicle needs for this car and for every other one from now on.

My contact info is listed below.

Thanks so much for reaching out and I cannot wait to be able to help you guys!!!
