Excellent on the Flag Kit!

I think as long as we get everything ready to go BEFORE leaving for the football game we will be fine. Feeney has definitely offered to help out and we will take him up on it. We are having a bit of a response issue to the party as the other 6th grade team is playing at 6pm and not done until 7:30...I am going to send an email out on Monday saying coming late is 100% OK! I am going Monday for a taste testing of Dinosaur BBQ ...I want them to do apps this time and possibly desserts too so I can take that off my list. I'll have Gloryana clean Friday Sept. 30...I just hope I don't have to go to city that day...but we will see...

Ike is now telling me he has to be the 'field marshall' for the other 6th grade team Oct 1...which sounds to me like he will be late to his own party. I suggested he leave early from that.

Love the pics! Where are you going in all the white outfits!?

Flag kit is under control. Top end product.

Working with Feeney will be fun. He could bring a girlfriend and pick us up at the airport and we could scheme.

If you have football late Saturday, you can plan in detail what needs to be done last couple of hours, then assign the tasks.

Everyone always says, "what can I bring," or "what can I do."

Take them up on it; tell them their assignment days in advance, then sit back, watch and clap.

Planning is work, you just do the trade-off to get a time shift of your personal time. (You are a professional planner... that's what you do.)

We love you

Our Texas flag unfortunately did not make it through our winter! We are outside now having a little BBQ with Feeney and he says he would like to volunteer as Randy's right hand man with the TO DO list! And we need a new flag and flag holder!! I'm happy to pay for and order but I want it to be the right one!! Please let us know! Xo
