Subject: Wx Boston area

Jeffrey,
Weather for Bedford Friday for our 10am arrival is 800 overcast with 2 mile visibility.

Boston forecasting 6 to 8" of snow accumulation for Friday.
according to my Wx service brief,.

Boston forecast:
tonight- 2am to 10am Friday, light rain, possible light snow. depends if temps drop below 30 degrees.

Friday - Noon till 5pm light snow, with slow accumulation of 6 inches during the day till 5pm.

6pm to Midnight, snow ends, and overcast skies,.

I'll try to get hanger in Bedford, and i'll check Boston as well.

thx
Larry
