Your summer begins here

Despite the unpromising weather, June is almost here and with it some of the most iconic social events of the year. Our calendar is packed with bookings for Royal Ascot, Wimbledon and Goodwood but there is still time if you want to beat the crowds and arrive in style and comfort at the greatest shows the British summer has to offer.

Polo season is also now in full swing and we are thrilled to be ushering in an exciting new relationship with Guards Polo Club. This glamorous venue, located in the spectacular Windsor Great Park, boasts seminal fixtures of the season including The Queen's Cup and the Hurlingham Polo Association International Day. One of the largest clubs in Europe, Guards is a sensational location to experience one of the most exciting and social sports in the world and Capstar can take you there.

Thank you,

Charlie Bowmont,
Managing Director of Capstar Chauffeurs

We are delighted to have become a preferred supplier for Pembroke Lodge. Set at the highest point of Richmond Park, the location boasts spectacular views. Appropriately, the lodge was the used by the Phantom Squad for its regimental HQ during WW2. Today this listed Georgian building has been loving restored and makes a beautiful setting for a special occasion. You can find out more by 

Following the sensational reception to our appearance in the FT, Capstar has been in the news once again, this time featuring on BBC Radio 5 Live. The program has comment from the operations team and an insightful interview with driver Dan about how Capstar has helped him look forward to a brighter future. You hear the full peice by  or explore Dan's personal experience by 

And Finally...

This weekend sees the first ever Para-Polo match with a team of injured veterans in the saddle. Among the players are Clifford O'Farrell who served with MD Charlie and Director of Operations Henry and Andrew Jelinek, Capstar team member Ellie's husband. Part of the Best of British Polo Event in aid of Help for Heroes, tickets are still available and you can learn more by
