[REDACTED] was so pretty last night...mascara! wow...she was just as sweet as can be...we were looking for her and it was her that found us actually... [REDACTED] was happy to see her (and that at least put a smile on his little face for a minute)...but he was so incredibly distraught over the loss, he couldn't pull it together...losses will happen...just hopefully more wins than losses...but he will learn from this... [REDACTED] ran back out on the field and we wanted to watch her for a minute but couldn't find her! that is why i was asking her number... Ike wanted to go and I understood..

Anyway, i wanted to make sure you know...we do not really drive by your house on the way home from BSC! The only reason we did the other night is because we screwed up! It was an error and took us WAY longer than normal!.. I don't want you to think we didn't want to take [REDACTED] home! It is such a long trip already, the loss, all of it...it was too much and too late. [REDACTED] still had more of her lesson to go as well...But I just didn't want you or her to think we were not being nice. If she had needed the ride we certainly would have done it!!

Question, if we needed [REDACTED] to spend the weekend of March 21/22/23 with you guys..would it be possible?
