>> Hi Scott,

>> So wonderful to hear from you! I'll be happy help you take care of your projector. As it turns out, we had just announced these models during IFA two months ago. As your account manager at Concierge, I make shopping for Sony products easy and seamless. I will update you with the latest news. Once I hear more details to the release date and specs, I will update you J Let me know if you have any further questions. Thanks! I look forward to chatting with you again soon!

>> Sony VPL-VW1100ES.

>> (Credit: Sony)

>> It has been almost two years since Sony launched its first ultra-high definition (UHD) home theater projector, the VPL-VW1000ES. The company recently announced two updated models that support the latest HDMI 2.0 standard, among other new features. With HDMI 2.0, the VPL-VW600ES and VPL-VW1100ES will be able to play 4K videos at a smoother 60fps frame rate.

>> Editor's Note

>> Sony has just announced the VPL-VW500ES, an Asian model of the VPL-VW600ES, that does not come bundled with the company's 4K video player. Available in November for the Asia Pacific markets, pricing
