Hello,

Your price on the carrara 1x2 chiseled face would be \$20.40 per square foot with no minimum quantities.

Thanks

HI Jennifer...I am thinking of doing a wall in my master bath with that textured carrera marble you let me take a sample of (your company recently installed this stuff on the front desk in the 'tile' building showroom)

I would need 52 square feet...can you let me know my price?

...and I will be getting back to you tomorrow on countertops...

:) thanks
