Subject: Re: Masterbath...

Bob will not come up today because of the rain...tomorrow he has orientation at his sons college so he will not be up...he is coming up Saturday...I'm sure Sat. is a super busy day for y'all and Dale can't take the time away (totally understand) I asked Bob to call the Tilers...I just texted him to ask if he reached them. I have to work in the city today and tomorrow, but I will try to figure out how you measure a bathroom square footage wise and do it sat. Can you ask your tile supplier to just hang in until Monday?

>>>> Vicki, Bob my builder is asking if you could possibly come to our building site and measure the master bath where we need the carrara marble (floors and shower)....Is this something you could do? I'm sorry for even having to ask, but I worry that your supplier will let the tiles go....I don't want to order too much or too little or else I'd go measure (even though I don't know how to do it! I'm sure I could find a You Tube on it!)
