See below. When do we need to order out appliances you think?

It depends on their inventory. Much of the equipment is available within two weeks but we love to have 4-6 weeks in case something is on back order.

Regards,

Fred

Thanks Fred. So the same program is still running. Very good. The sheet rocking for our house starts next week and hard wood floors go in and should be done and ready for kitchen cabs and appliances in about 4-6 weeks. I just didn't want to miss any new specials. How long does it

take for thermadore appliances to come in after ordering?

Hello [REDACTED]

The current Thermador rebate program is running strong
and is about as

generous as I have ever seen.

If you purchase a range or a 36" cooktop and wall oven
you qualify for

a full rebate for a dishwasher (worth \$1300.00). If you also purchase

a Thermador refrigerator (which becoming very popular) you also
receive a full rebate for a great selection of Thermador
hoods. The
hoods available for rebate are easily worth \$1000-\$2500
in value.

This program has been very successful, we have a lot of
Thermador on
display if you want to come down and take a look.

Regards

Fred

Hi Fred. Will you be having a Labor Day sale on the thermadore appliances?
