He came to our lab earlier this year - and he's really a fascinating person. Should be an interesting meeting with the three of them!

Thanks

OMGosh! I love his stuff! I went to a charity event at Steve Cohen's house in Greenwich, CT and he had one of these gigantic balloon dogs in his front yard! I fell in love with it!

Hi [REDACTED]
(from Google)
Jeffrey "Jeff" Koons is an American artist known for his reproductions of banal objects—such as Balloon animals produced in stainless steel with mirror finish surfaces. He lives and works in both New York City and his hometown of York, Pennsylvania. [Wikipedia](http://en.wikipedia.org/wiki/Jeffrey_Koons)

Very interesting guy and he has been working/collaborating with Neil and our group on a few projects.

Thanks
Theresa
