Hi [REDACTED]

I just wanted to reiterate that if Jeffrey has available time at some point today (separate from his tour with Pablos) and would like to attend the *Metamaterials* invention session at the Lab, he's more than welcome. Just let me know so I can update the appropriate folks.

Thanks much!

Claudia

Too many options... so little time. ☺

Thanks [REDACTED]....

Hi [REDACTED]...

I know Jeffrey has a 9A Lab tour scheduled with Pablos so the timing probably won't work given his 10:30A meeting in Kirkland. Nathan just wondered if Jeffrey might be interested in sitting in on a *Metamaterials* invention session if time allowed....

Thanks for checking,

Claudia

Hi Claudia...from what I understand, Jeffrey has a 10:30am meeting with "Kirkland" (?) on Thurs. Aug. 8th...but let me reach out to Jeffrey and let him know Nathan was asking his timing and wondering if it was possible for him to sit in on some of the lab experiment...

Thanks, [REDACTED]
