HI Joe! thank you very much for your follow up! I will let Jeffrey know you are checking in and be sure to reiterate he needs to go forward with the consent form... Appreciate it. Have a great 4th of July!

Hi Lesley, et al,
I wanted to check in on Jeffrey to make sure all is well post [REDACTED] As I've said, he can expect [REDACTED] should watch for any signs of [REDACTED]

Second, I also wanted to make sure he fully completes pgp enrollment online. It's very important for us to proceed. He's completed [REDACTED] but he still needs to log in, review the consent form, and assent to it electronically. (We did go over everything verbally in person though.)

Give him my regards and feel free to contact me with any questions.

Best,
Joe Thakuria

he even finished it last night and I just don't know about it.)

Lesley, thanks. Jeffrey needs to be fully enrolled before [REDACTED]
[REDACTED] Worst case scenario, I can try
and walk him through it at mgh on a computer before the
phlebotomy/bx.

But, ideally, this is done before he gets here at 1. I have a hard stop
at 2pm so I'm worried we're gonna be pushing it on time if this isn't
completed beforehand.

Thx,

Joe

Thank you very much for the information and phone numbers. I'm
sure all will go well. We did register Jeffrey on line. I am not sure
how far along he is through the entrance exam portion. Svetlana
and sue can speak to him about it this morning

Hi Lesley,
Sorry for not getting to this email earlier. Today was
jam packed.

Assuming we're still on for this, plan to show at 1PM tomorrow at 6C (on the 6th floor) of the Yawkey building - which is the main outpatient bldg sitting just in front of the main hospital [REDACTED] When Jeffrey/Svetlana/Sue get there, just ask our medical genetics secretary (sitting on the left as you walk in, Sandy Massalski) to let me know your here.

My cell is [REDACTED] I can also be paged through the main hospital number [REDACTED]

Apologies again for not getting this info out to you sooner.

You may have mentioned this in a separate email but was the online enrollment process completed for Jeffrey?

Hi Joe...just checking in to see if you had any more details for tomorrow?

Also, I would like to pass along Jeffrey's assistants names and cell phone numbers who will be accompanying him tomorrow. They will be your point persons:

Svetlana: [REDACTED]

Sue: [REDACTED]

Svetlana and Sue are also cc'd here.

Thanks, Lesley

Hi Lesley, I don't have the specific exam room yet but this will be done somewhere on the main mgh campus, [REDACTED] at 1PM. I'll have specific details for you tomorrow

at the latest. (There's always an exam room crunch when we try to squeeze people in - but we will find something. :)

Lesley, I think the best contact number to have in this case will be my cellphone, [REDACTED] Reception at the hospital is not always the best so if some reason you don't get me right away, you'll definitely get me my pager. That back up number is the main mgh hospital hospital # [REDACTED] Just ask the operator to page Dr. Thakuria [REDACTED]

Best,
Joe Thakuria

12:45 or 1 PM should be fine. The physician who will take the samples at

MGH is Joe Thakuria, MD (CC'd). Probably it will take one hour
(including consent form signing). He can give you additional info as needed.
