Great! I'm happy to do it...where do you originate from? ...and if there are a couple different airports there, which do you prefer to fly out of? We will for sure have you picked up from the airport in Alb. and driven to Jeffrey's ranch...no worries there.

Also, Jeffrey wanted you to know that the University of New Mexico paleontology dept might have some more info if you so desired...

Hi [REDACTED] Since I don't really know how long it would take to get from Albuquerque to the ranch and visa versa, and don't know how I'm to get there (would someone be picking me up or should I rent a car) it would probably be best if you just booked the flight for me. Delta Airlines connecting through Salt Lake is the most convenient for me. My official name and frequent number is :

John Robert Horner

Delta # [REDACTED]

The geology maps are perfect.

Jack

The best airport to fly in to is Albuquerque...Would you like to research a ticket that suits you
and put on Hold with the airline...give me the Record Locator and [REDACTED] for your
ticket?

quadrangle map names so I can pinpoint Jeffery's ranch on a topographic map, and therefor
determine the geology before I come to visit. We paleontologists always like to know the age
of the rocks we are standing on.
