Summer Camp + Private Training		April, 2012
		
 <u>In this Issue:</u> -Summer Camp -Private Training	DTS Summer Camps Dutch Total Soccer offers a variety of summer soccer camps. All of DTS' summer soccer camps are geared to progress your child athletically while challenging them mentally to understand teamwork, break down barriers, make new friends, and most importantly have a memorable and fun camp experience. By reaching beyond the traditional camp sessions of dribbling, passing, heading etc., players will learn the strategic and mental aspect of the sport through tactical and technical games and drills conducted by our professional DTS trainers. Each camp session is constructed to help players achieve their maximum potential through progressive exercises that are age appropriate, as well as ability appropriate, individually gratifying and developmentally challenging. Camp sessions will encourage your player to step out of their	

comfort zone and expand their horizons by learning new techniques and implementing new skills in a constructive and safe atmosphere. Our goal is to not only improve your child's overall soccer ability, but to do so in a comfortable and fun environment!

DTS Offers Private training sessions!

Private soccer training accelerates the development of players of all ages through a specialized training program, designed around the distinct needs of the player that can be difficult to teach in a team environment, or that needs special attention. Our professional staff sets up a specific personal program to make the players experience challenging and enjoyable. During the private training sessions our coaches will, where needed, adjust the program according to a player's strengths, weaknesses, and developmental needs.
