Hysterical. I probably shamed him into it when he kept asking me for things and finally i said "i expect a thank you gift" HAHAHA (I really was joking and shocked he obliged).... but good for you....I am sure you deserve it and probably more! :)

he has given me a gift basket from Starbucks before but nothing like this...and in the past I was just JE's assistant...but since JE went on "vacation" i have been assisting both of them...so it is different now.
