When carrying on your pet, you'll need to make sure that they can stand up, turn around and lie down in a collapsible kennels can be a maximum of 19in x 13in x 9in.
Soft-sided collapsible kennels such as Sherpa bags can be larger if they're made of water-repellant material, ventilation on 2 or more sides.
I will have to call Americans about climate control.

OK, dogs are small, they do not need to go to cargo, but, 3 dogs - has to be 3 kennels and they have only two seats in the cabin, we will have to book them 3 seats (and pay for 3 tickets) plus 125.00 USD fee per dog.
